

 **spinsight™** K2 Camera System

The Spinsight™ K2 Camera System is a cutting-edge panoramic video device that delivers game changing insight into tactical behaviour, team shape, and player movement.

- A panoramic view of the action – three videos merged into one
- See every player's off-the-ball behaviour all of the time
- Video that integrates with your existing analysis tools
- Video available immediately for half- and full-time analysis
- Setup the K2 system in just 20 minutes
- Use it anywhere: at home, away, and at the training ground
